BAHLAPING MASH

Bahlaping Mash is a black-women owned and led mining & engineering company!
A proud beneficiary of Zimele Anglo American Enterprise Development Programme

ABOUT COMPANY

Bahlaping Mash is a distinguished black woman-owned company headquartered in Mapela district in Mokopane town in Limpopo province, South Africa. Established in 2016, this BBBEE level one company saw a distinctive opportunity to challenge the norms of the traditionally male-dominated sectors of mining and engineering. With a vision to diversify and expand, Bahlaping Mash has since been on a mission to provide a spectrum of services encompassing mining, electrical, and mechanical engineering, aiming to bridge the gender disparity in the industry.

Our purpose at Bahlaping Mash goes beyond just offering services. We are about promoting a culture of empowerment, especially for women and youth. We are guided by a vision of creating more inclusive industry landscape and our mission is simple and clear - to deliver superior engineering solutions while championing diversity.

Our core values encompass commitment to quality, inclusivity, and fostering sustainable growth, not just for our company, but for the communities we serve. Each project we embark on showcases our firm dedication to these principles, solidifying our role as leaders of change and innovation in mining and engineering space.

BAHLAPING MASH

VISION & MISSION

Our Purpose

At Bahlaping Mash, our purpose is clear - To pioneer innovative solutions in the mining and engineering space, ensuring every project undertaken is a demonstration to expertise and quality. Inspired by South Africa's strong foundation in mining and engineering, we aim to elevate industry standards, provide unmatched value to our clients, and contribute positively to the communities we serve.

Every endeavor we undertake is guided by our unwavering commitment to excellence and our vision to be industry leaders.
We believe in fostering strong partnerships, building sustainable infrastructures, and shaping the future through persistent innovation and dedication

Vision

At Bahlaping Mash, we turn your dreams into a reality. Through our expertise in mining and engineering, our mission is to transform our clients' aspirations into tangible results.

Mission

Bahlaping Mash envisions a future where innovation, sustainability, and community empowerment converge, shaping a brighter and more thriving landscape for all.

OUR SERVICES

Bahlaping Mash is a multidisciplinary company that offers a spectrum of services tailored to meet the evolving needs of our clients. Our expertise spans across three core divisions: Construction & Civil, Electrical Engineering and Mechanical Engineering Services. Each division is equipped with a team of experienced professionals dedicated to deliver superior results in every project, from the foundational work of civil and construction to electrical systems and mechanical engineering solutions.

BAHLAPING MASH

CIVIL & CONSTRUCTION SERVICES

The products and services for civil and work includes the following:

- Dry Sanitation
- Feasibility Study
- Structural Engineering
- Storm Water
- Reticulations Sewage Design
- Assessment for Road Drainage
- Design
- Land Fill Site Management
- Infrastructure Development

Bahlaping Mash has a well-experienced team of building and civil professionals dedicated to ensuring that every project is executed with quality and precision.

By leveraging our deep industry knowledge and cutting-edge techniques, we consistently deliver solutions that stand the test of time and meet the client expectations. Whether it's infrastructure development or structural engineering, our team ensures that every project is a success.

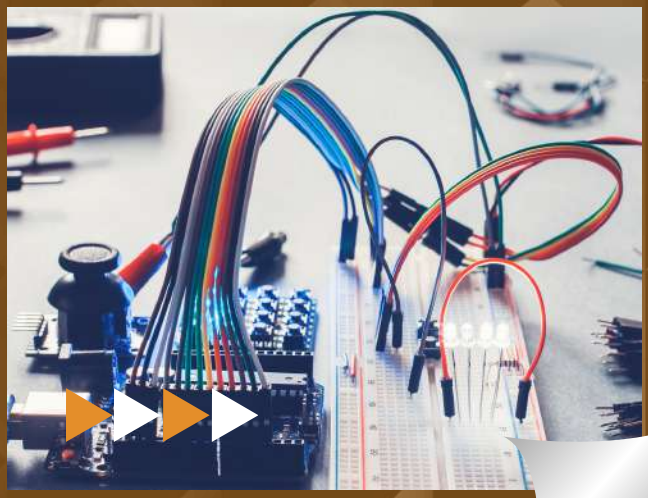

BAHLAPING MASH

ELECTRICAL ENGINEERING SERVICES

Our electrical engineering services works cover the following:

- Specialized investigation studies and analysis
- Planning technical specifications
- Electrical and electronics designs
- Maintenance contract
- Load flow studies & fault level calculations
- Electrical drafting service
- Electrification and earthing
- Installation and maintenance of generators both single phase and three phase
- Project management
- Underground power cable reticulation construction and maintenance (1KV-33KV)
- Transformers
- Meter reading & audits
- Electrical and instrumentation cables
- Power suppliers
- Power factor correction banks
- Turnkey and electrification
- Cable installations and terminations
- Complete electrical system installations
- Inspection
- Instrumentation installations
- HVAC installation

Our electrical engineering service offering covers cost estimates, design analysis, project scheduling, conceptual drawings, according to national & international standards and specifications.

BAHLAPING MASH

MECHANICAL ENGINEERING SERVICES

Our key mechanical engineering focus are:

- Heating, Ventilation and Air Conditioning
- Refrigeration Systems
- Wet Services
- Fire Protection Services
- Medical Gas Systems
- Lifts & Hoisting Equipment
- Fire Systems and Fire alarms

We have an experienced team of mechanical engineers and draftsmen who specialize in mechanical design, professionals and artisans to carry out the drawing and drafting services. most complicated HVAC, Electrical and Plumbing projects with ease.
A wide range of expertise and depth of experience enables our team of

PROJECTS & PORTFOLIO

To date, Bahlaping Mash has completed several projects ranging from building construction and maintenance, road maintenance to electrical and mechanical engineering. These projects underline our comprehensive skill-set and our ability to adapt to varied industry demands. Each successfully delivered project emphasizes our dedication to quality, innovation, and client satisfaction, reaffirming our position as a trusted partner in the sector.

PROJECTS & **PORTFOLIO**

CURRENT **PROJECTS**

A highlight of BahlapingMashongoingprojects.

Client: Anglo American

Open Pit Electrical Cable Reticulation

Design and installation of electrical cable networks in open pit mining operations, ensuring safe and efficient power distribution to support mining equipment and operations.

Client: Anglo American

Motlotlo Relocation Housing Project

Provision of temporary housing structures and execution of moving Motlotlo residents to a new location, , ensuring minimal disruption and preserving the integrity of the structures.

Client: Anglo American

Mine Compliant LDV Rental

Light-Duty Vehicles (LDVs) for their specific operational needs, ensuring safety and reliability in mining environm ents.

Client: Anglo American

Heavy Mining Equipment Add-ons

Attaching and detaching specialized components to enhance the functionality, safety and compliance of the heavy mining equipment.

Client: Anglo American

Heavy Mining Equipment

Supply and installation of heavy mining equipment trailing cable for Rope shovel.

Client: Anglo American

Tailings Line

Subcontracted for the construction of tailings line for Anglo American - Mogalakwena Mine.

COMPANY LEADERSHIP

We have a team of experts assigned to every project that we are responsible for. The team is not limited to the professionals stated but we employ the appropriate and well experienced personnel for every project awarded.
